

## 2fish5bread children's ministry resource DVD

The content of this DVD has been donated by many organizations and individuals. They are anonymous (no reference to individual organizations or authors) and free of copyright restrictions. The estimated value of this content is 2 million Euros. We encourage you to adapt, translate, copy and share these resources freely. Do please make copies of this DVD and distribute them as widely as possible in your country and beyond! You will find a file with the artwork to reproduce the label for the DVD.

You will find leadership resources to help you explore and share the importance of working with children. There are also training programs and articles for children's workers. Finally there is a wealth of curriculum, sports activities, special programs, visuals, games, songs, activity sheets and stories for use in your ministry with children and youth.

Most resources are available in several languages with a total of 8 language folders - Albanian, English, French, Portuguese, Romanian, Russian, Spanish and Ukrainian. The Pattaya Scale folder provides a PowerPoint presentation about this in 16 other European languages. We are always looking for people to help us translate more things into more languages.

### GET INVOLVED

**If you would like to find out about new resources, learn stories of how the disc is being used or get involved in making the disc available, visit [www.2fish5bread.com](http://www.2fish5bread.com) to find out more and request to receive periodic updates.**

If you would like to donate a new translation or resource you can do so via the **UPLOAD RESOURCES** tab or via email. We would also love to hear stories of how you are using and distributing the disc.

Together for Christ and the children,

**Harry Bryans**

**Hope for Europe** Convenor of the European Children's Ministry Network
