

Transforming our world **MISSION-net**

Hamburg, 24 May 2011

Dear Mission-Net friends,

Have you ever wondered how Jesus managed to preach to such a large crowd gathered for the Sermon on the Mount, and managed to actually be heard?

Thousands of people had come together to hear Jesus and I am sure not a sound was made as those gathered hung onto every word He spoke.

Thanks to modern technology, we have many more possibilities to make ourselves heard today. Microphones and loud speakers ensure that thousands of people are able to hear our message. Wow! Praise God!

We too will need many microphones and loud speakers at Mission-Net to ensure that all participants benefit from the sermons and workshops during the week. The result will be that many hearts are touched by God and changed. **God's word will never return void.**

God already promised this in Isaiah 55, verses 10 to 11:

*As the rain and the snow come down from heaven,
and do not return to it without watering the earth
and making it bud and flourish,
so that it yields seed for the sower and bread for the eater,
so is my word that goes out from my mouth:
It will not return to me empty,
but will accomplish what I desire
and achieve the purpose for which I sent it.*

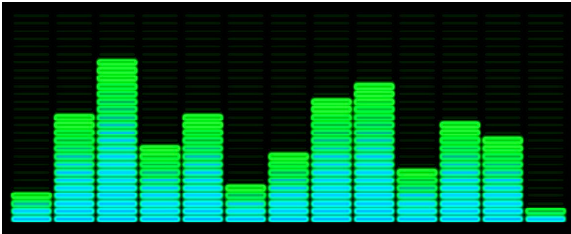

Is this not great? God will ensure that participants at Mission-Net will hear what they need to hear, to achieve the purposes for which He would have spoken.

In order to provide the required technical support in the form of microphones, loud speakers, translation kits, sound mixing tables etc, we need a lot of money. This won't be possible without YOUR support!

I realise that support in the area of „technical equipment“ is often considered unnecessary, but imagine what would happen if participants at Mission-Net would not be able to hear anything spoken, if the sermons would not be translated into 15 different European languages, or if the music would not be heard beyond the first row. Such thoughts are horrifying!

That is why we would like to ask you NOW to help provide the technical equipment necessary for Mission-Net. We hope to thus ensure that every participant hears everything he/she is meant to hear.

Please support us financially with the comment „TECHNICAL EQUIPMENT“ via our Mission-Net bank account at the EKK Bank in Kassel, Germany:
