MISSION-net

The idea...

Mission-Net – a two fold agenda:

- a bi-annual pan-European CONGRESS
- and a desired MOVEMENT among European young Christians which is commissioned by the European Evangelical Missionary Association and European Evangelical Alliance.

At the congress thousands of young people from about 50 nations come together to meet God and people from all over Europe through worship, prayer, discussion, inspirational teaching, action and service.

If you want to find your place in God's world – this is the place to be!

How it is expressed:

■ **TRANSFORMING ...**
As Christians we want to display God's transforming power in society, through the credible witness of our public and private lives.

■ **OUR ...**
It is not about individualism but about doing it together. As we act in this way, we model to the world the unity of the Body of Christ.

■ **WORLD!**
It starts in my world, but a missional lifestyle goes beyond my neighbourhood, to my country, my continent and ultimately to the ends of the world.

Target Group

Primarily it is made for people aged between 16-30 who are willing to consider a Christian missional lifestyle which allies spiritual expressions of the faith and practical contributions to the society's common good.

Impact on people

"I am thrilled about the information I got. Conversations with counselors helped me to find directions for my life. The programme and the SPEAKERS challenged me to live a missional lifestyle." (Marianna, Romania)

"I loved the ATMOSPHERE of so many people of different backgrounds coming together with a common purpose: praise God and live for him." (Victor, Hungary)

"I have been challenged as a pastor to talk more about mission – to ENCOURAGE AND CHALLENGE people to pray, read and to be a missionary where they are or abroad." (Participating pastor)

"The whole set-up of Mission-Net was very creative and diverse. Mission was presented HOLISTICALLY. Although there were many people it was very personal." (Anna, Germany)

"Mission-Net exceeded my expectations in the amount of NETWORKING among Christian organizations, in how many new friendships I built, in the way I was challenged by the speakers and in areas of personal spiritual growth and also of organization." (Exhibitor, Switzerland)

"When I came I had a completely wrong idea what mission was all about but God showed me that my NEIGHBORHOOD is a mission field as well and put a desire in my heart to explain the Gospel to my friends." (Kristof, Norway)

"I think that I started to think more GLOBALLY and to care about other nations – now that I have more information about them." (Zolta, Poland)

"I realized that there are a lot of IMMIGRANTS and also Europeans in Europe that need to know God." (Rio, Italy)
