

Transforming our World

Press Release

Donations doubled (Mission-Net 2011/12)

The next Mission-Net congress will take place in Erfurt, Germany from 28 December 2011 until 2 January 2012. Many Christian agencies and mission organisations have agreed to work together to encourage participants to live a missional lifestyle! It remains difficult for many Eastern European youth, however to pay the registration fee required to cover conference costs. The registration fee should not keep them away.

Youth who are unable to afford the Mission-Net congress fee will be offered a discounted price. In order to finance the difference, Mission-Net needs financial support!

Every donation, irrelevant of the amount, is worth double. A missions organisation has agreed to match every donation made towards covering the conference fees of Eastern European youth. This means that a donation of 100 Euro, for example, will be „worth“ 200 Euro in reality!

Many young people will thus be able to participate in the Mission-Net congress and be inspired to live a missional lifestyle. For more information, check out: <http://mission-net.org/mission-net/donate>
