What is MAC?

MAC is the Mission Advice Centre. It forms the centre point to help you find your way in mission and world evangelization. We want to challenge young people to find out where they can serve with their gifts and talents. We desire that as a result of the exhibition the following outcomes will be achieved: Each person attending the Mission-Net conference will get the opportunity to visit the MAC, search through the online data base and have a talk with an experienced career counsellor.

What is OASIS?

OASIS is the official Pastoral Advice Centre for the congress. Experienced Christian advisors are available throughout the congress to listen, advise and pray with participants. This service is designed to provide spiritual counsel and guidance for those searching for the will of God in their lives.

YOUR APPLICATION AS ADVISOR/COUNSELLOR
